

REPORTABLE EVENTS

April 2025 – June 2025

Two new SAC1 events and one new SAC2 event were reported.

SAC1

1. A response delay to a patient occurred when the call was under triaged. Patient found in cardiac arrest.
2. A response delay occurred due to high workload and no available ambulances. Patient found to be in cardiac arrest on welfare check.

SAC2

1. A response delay to a patient occurred when the call was under triaged.
